## EMPLOYMENT HISTORY

### Software Engineer, Vroom

Aug 2021 — Present, Remote

React, Mobx, Next.js, TypeScript, Software Architecture, SPA, Planning, Innovation.

### Front-End Developer, Tymeshift

Apr 2020 — Aug 2021, Novi Sad

React, Redux, TypeScript, Software Architecture, SPA, Planning, Innovation.

### Software Developer, ElanWave

Sep 2017 — Apr 2020, Novi Sad

As a Software developer my role is to identify client needs, and problems and provide a personalized solution.

C#, AngularJS, Angular 7, React, ASP.NET, MVC, TypeScript, JavaScript, ASP.NET Core, Software Architecture, SPA, Planning, Azure, Innovation.

### Software Developer, AikonGroup

Dec 2015 — Sep 2017, Novi Sad

At Aikon as Full Stack developer I worked on real-world web applications for automotive industry.

My role was to develop new and maintain existing software working in an international team.

C#, AngularJS, ASP.NET, MVC, JavaScript, ASP.NET Core, Event Store, SPA, Planning, Innovation.

### Software Developer, Devtech

Sep 2015 — Dec 2015, Novi Sad

My role as an intern at Devtech was to use all the resources at hand to quickly learn and improve my Software development skills while also learning about Scrum and Agile methodology.

While there I worked with ASP.NET using C#, Razor and NoSql database MongoDB.
